*Issued in furtherance of Cooperative Extension work, acts of May 8 and June 20, 1914, in cooperation with the U.S. Dept of Agriculture, Kirk A. Astroth, Interim Director, Cooperative Extension, College of Agriculture & Life Sciences, The University of Arizona. The UA is an equal opportunity, affirmative action institution. The University does not discriminate on the basis of race, color, religion, sex, national origin, age, disability, veteran status, or sexual orientation in its programs and activities.*

Smartscape is a training and certification program created specifically for nursery and landscape professionals in Central Arizona. Smartscape workshops are designed to provide education on a wide range of topics encountered in the landscape industry.

Smartscape is endorsed by the Arizona Landscape Contractors' Association (ALCA) and the Arizona Nursery Association (ANA).

**Who Should Attend?**

Landscape architects and designers, installation and maintenance supervisors and crew members, nursery employees, municipal employees, and HOA committee members alike can benefit from Smartscape training.

**Smart Business**

Smartscape teaches essential skills to plan, create, and care for low-water-use plants. Smartscape training helps prepare you and your company with the latest non-biased, research-based information regarding water-efficient landscaping. Turn this training into a strategic business asset by being included in the Smartscape Certified online directory.
